

include/http/SocketHTTP2.h

```
graph BT; A[include/http/SocketHTTP2.h] --> B[include/http/SocketHTTP2-private.h]; A --> C[include/http/SocketHTTPClient-private.h];
```

The diagram illustrates the include relationships between three header files. At the top is a grey box labeled 'include/http/SocketHTTP2.h'. Below it are two white boxes: 'include/http/SocketHTTP2-private.h' on the left and 'include/http/SocketHTTPClient-private.h' on the right. Blue arrows point from each of the bottom boxes up to the top box, indicating that the top header file includes the two private header files.

include/http/SocketHTTP2  
-private.h

include/http/SocketHTTPClient  
-private.h
